

PROFILE

Frontend Developer with experience building responsive web applications using React, JavaScript, Tailwind CSS, and REST APIs. Contributed to AI-powered platforms including AFRITAIL, where I developed responsive user interfaces and collaborated with backend developers to integrate intelligent features. Passionate about creating accessible, performant web experiences while continuously learning modern web technologies.

TECHNICAL SKILLS

- Languages

HTML5, CSS3, JavaScript (ES6+), PHP, Node.js, MySQL, Frameworks & Libraries
React.js, Tailwind CSS
- Tools

Git & GitHub, Vite, VS Code, Figma, Canva
- Core Skills

Responsive Web Design, UI Development, Flexbox & CSS Grid, REST API Integration, Cross-browser Compatibility, Version Control

EDUCATION

B.Sc. Computer Science
Delta State University, Abraka
Expected Graduation: 2026

CERTIFICATIONS

- Responsive Web Design — freeCodeCamp
- JavaScript Algorithms & Data Structures — freeCodeCamp
- Mastering React — Udemy
- Software Engineering Job Simulation — Forage / Commonwealth Bank
- Web Development Certification — Presloaded Academy

EXPERIENCE

- Frontend Developer (Freelance)

2024 – Present

 - Developed responsive web applications for businesses and personal brands using React, JavaScript, and Tailwind CSS.
 - Built the frontend for Afritail AI, an AI-powered client research platform, implementing responsive interfaces and reusable UI components.
 - Collaborated directly with the backend developer to integrate frontend features with REST APIs.
- Frontend Development Instructor | Presloaded Academy

Jul 2026 – Present

 - Teach HTML and CSS through practical, project-based lessons.
 - Develop beginner-friendly coding exercises and course materials; mentor students in responsive web development.
- Director of Studies | Presloaded Academy

2025 – Present

 - Coordinate frontend learning programs and curriculum planning; support instructors and monitor student progress.
 - Organize coding activities and certification programs.

PROJECTS

- Urban Eats — Final Year Project

React • Vite • HTML5 • CSS3 • JavaScript • Vercel

 - Built responsive interfaces for customers, vendors, riders, and administrators using React and Vite.
 - Developed reusable UI components and deployed the application on Vercel.
- Afritail AI — AI-Powered Client Research Platform

React • Vite • HTML5 • CSS3 • JavaScript • Git

 - Developed responsive frontend interfaces for an AI-powered client research platform using React and Vite.
 - Built reusable UI components and responsive layouts optimized for accessibility and performance.
 - Collaborated directly with the backend developer to integrate frontend functionality with REST APIs.
- Sole Studio — React E-commerce

React • HTML5 • CSS3 • JavaScript • Vercel

 - Built a responsive e-commerce interface with reusable UI components, focused on performance and user experience.
 - Deployed on Vercel — live demo: sole-studio-r47a.vercel.app
